SEE WHAT OUR CUSTOMERS ARE SAYING...

"It gives me peace of mind to know that whenever we have any troubles with our furnace, Reinhardt will be there immediately to fix it. Anything to keep our kids warm at all times."

- Carol P., Oneonta

"I have been a customer of Reinhardt Home Heating for over three years. I would like to take a moment and express how great it has been to work with you folks for all my heating needs. Over the years I have gone from having an apartment with gas to owning my own home that works with both gas and oil. Reinhardt Home Heat has been there to help me through this transition. During the purchase of our new house I did not even think twice about having Reinhardt replace my oil tank because I knew they would do it quickly and competently. The security that comes from having such a great relationship with my oil and gas provider is priceless and I cannot thank you enough for all that you do for myself and my family. I hope all of you realize that the work you do at Reinhardt is valued and appreciated. From the ladies that answer the phones to the technician, Shawn, who came to fix my thermostat, I know I can count on you."

- Rebekah S., Milford

Mike Smith
Service Department Manager

*"I have served Reinhardt Home Heating customers for many years, first as a technician and now as the Service Manager. I have witnessed firsthand how well the **Service Plans** protect our customers. Since an annual tune-up and safety inspection are included, customers with Service Plans are more consistent with important system maintenance. When repairs are needed, customers with Service Plans have no worries. If peace of mind without unpleasant surprises is what you are looking for, our Service Plans are definitely the way to go."*

We make warm friends.
